Hercules	4
Pinole	4
Pleasant Hill	4
Richmond	4
San Pablo	4
Walnut Creek	4.1
Concord	4.6
Martinez	6
Pittsburg	7.8

Lower waste per capita is Better

This data is reported directly from Calrecycle.ca.gov and verified by local disposal companies

Disposal Rate is defined as the average amount of waste(lb) produced by an individual in a single day. See Article 9.2. Disposal Reporting System Title 14, California Code of Regulations, section 18800 for more information.

El Cerrito, Hercules and Moraga are all apart of West Contra Costa Waste Management district. Therefore they are reported together on CalRecycle. Unfortunately, West Contra Costa Waste Management Authority was unable to provide information on disposal rates by city so all cities are listed at the same value.
